

Introducing Parker Remote Manager

Now Parker delivers “Information Anywhere” to your mobile phone and tablet!

Parker’s Electromechanical Automation Division is pleased to announce the release of the Parker Remote Manager mobile application for the Xpress and Parker Factory Display products. Parker is delivering “Information Anywhere” to your mobile phone and tablet! Remote Manager is available for both iOS and Android devices.

Now you can monitor and control your Parker Factory Display or Xpress system from *anywhere* using your mobile phone or tablet.

- Log-in using the machine IP address, username and password
- User configured alarm notifications via text or email
- Machine/plant metrics at your fingertips

Supported devices/platforms:

- iPhone 4/4S, iPhone 5
- iPad2, iPad mini
- iOS version 4.3 and higher
- Android OS version 4.2.2

Visit the XPR2 and Parker Factory Display product pages on parkermotion.com to download the app!
